

ONLY ONE CAUSE FOR A DIVORCE

Declaration Expected from the Wisconsin Congregational Convention.

ON HOME MISSIONS

Report of the Registrar Shows Gains of the Church in This State.

IT HAS 23,274 MEMBERS

Milwaukee, Oct. 2.—Wisconsin Congregationalists will declare against divorce except for one reason laid down in the Bible. The state convention of that body opened its annual meeting at Plymouth church yesterday. Rev. Dr. Henry Flaville of La Crosse was elected moderator and J. H. Douman, secretary.

The paper which brought up the divorce question was on the "Scriptural Doctrine of Divorce," by Rev. Charles Cavanaugh of Lombard, Ill., who is filling the pulpit of Plymouth church during the absence of the Rev. Judson Tilton. The address made so strong an impression that it was ordered printed.

Three Sessions Today At the close of the discussion a committee was appointed to draft resolutions on divorce for adoption by the convention. It is expected the committee will report a declaration against divorce for every reason except that given in the Bible.

Three sessions will be held today, the subjects being the "Bible School" and "Wisconsin Home Missions." This evening the convention sermon will be delivered by the Rev. E. G. Updike of Madison.

The session tomorrow afternoon will be at Milwaukee-Downer college. The Women's Home Missionary society is holding its annual session in the church parlors this morning. Mrs. W. S. Jeffris of Janesville will read a paper.

Report of the Registrar The report of the registrar, the Rev. H. A. Milner, gave the statistics of the year. Twenty-five pastors had joined the convention and twenty had left for work in other sections. The deaths were the Rev. F. Stowe Sawyer, at South Milwaukee, the Rev. Charles Wesley Dennis at Amery, the Rev. Franklin B. Doe at Ashland, and the Rev. William Gill at River Falls.

There were 254 churches in the convention with a membership of 23,274, of which 19,657 were residents and 3,617 absentees. The amount of money expended in benevolences was \$32,086, an increase of \$35,709 compared with the preceding year. The revenues of the year aggregated \$17,230. The amount of home expenditures of the churches was \$240,098, an increase of \$5,809 over 1900.

Gain in Wisconsin The report showed that in the last decade the gain of the Congregational church in the state was 43.53 per cent. The gain in benevolences in the same period was 82 per cent., the gain of membership of churches over population was 6.35 per cent.

The list of benevolences for the year was: American board, \$13,048.70; home missions, \$14,277.61; American Missionary association, \$1,252.46; Congregational Educational society, \$1,024.28; Congregational Church Building society, \$690.22; Sunday School and Publishing society, \$2,977.06; Ministerial Aid association, \$304.41.

HUNTING LICENSES ISSUED THIS YEAR

Total Number in the State Will Reach 50,000 as Against 35,000 Last Year.

Madison, Wis., Oct. 2.—(Special)—The number of hunting licenses issued this year is more than doubled in the five counties which have thus far reported to State Game Warden Overbeck, and the total number in the state will reach about 50,000, as against 35,000 last year. This means \$15,000 more with which to employ deputy wardens, and better protection for the game. The increase is credited to the activity of the deputy wardens this year. Anyone who knows of violations of the law is requested to communicate with State Warden Overbeck by letter at his office here, such information being held strictly confidential.

In the five counties heard from the number of licenses issued up to Oct. 1, and the total last year, are, p to Oct. 1, 1901: Dodge, 1,235; Grant, 620; Iowa, 496; LaFayette, 308; Onoto, 334.

From the state game warden's office 124 licenses have been issued to non-residents; compared with 99 up to the same time last year.

CROKER NAMES HIS MAN FOR MAYOR

New York, Oct. 2.—It looks today as if Edward Shepard, an independent democrat and a lawyer would be the Tammany candidate for mayor of Greater New York. Shepard it is said has agreed to accept. He was selected by Croker.

FORMATION OF A BIG PLOW TRUST

New Combine with a Capital of \$100,000,000—Includes Twenty-Three Large Plants.

Chicago, Oct. 2.—The plow trust was born yesterday—not an infant, but with the stature of a giant. The event was celebrated last night with a banquet at the Auditorium Annex. About the board were the men who control the plow industry of the most of the world. As they ate and smoked and touched glasses they figured how they might complete the conquest in Europe, Asia, Africa and South America. Behind them is the princely sum of \$100,000,000 capital. The new corporation was christened "The American Plow Company." Its headquarters are to be in Chicago. It is organized under the laws of New Jersey. It combines the twenty-three great plow manufacturers of the continent. It is hinted, but not confirmed, that it is to be auxiliary to the United States Steel company. Charles H. Deere of Moline, the foremost plow man of the nation, is to be president. Other officers are not yet announced. William A. Vincent, the promoter, will be counsel for the trust.

EX-MAYOR HOVEN OF MADISON DEAD

Well Known Capital City Merchant Who Had Been Prominent in Democratic Politics.

Madison, Wis., Oct. 2.—Former Mayor M. J. Hoven died at his home in this city at 3:45 o'clock yesterday afternoon after an illness covering, with varying degrees of seriousness, a period of six months.

Mr. Hoven was one of the leading German-Americans of the southern part of Wisconsin and was prominent in politics and business affairs. He was three times mayor of Madison, in 1897, 1899 and 1900. A year ago he was the choice of a great many of the democrats of the Second district for the nomination for congress but after a long and close contest was defeated by City Attorney Aylward of this city. Mr. Hoven was a generous giver to many causes, particularly to student interests and to the college of agriculture.

He was a butcher, packer and dealer in live stock by profession. His shop at the corner of Mifflin and North Hamilton streets (the Second Ward Market) has been in existence for some twenty-five years and the State street market is thirteen years old.

NORTHWESTERN AT HEAD OF THE LIST

Badger Railways Pay Their License Fees—The Total Paid in Amounts to \$1,597,654.73.

Madison, Wis., Oct. 2.—The railroads of the state have paid their license fees for 1901. They amount to \$50,513.12 more than last year. The total of the license fees amounts to \$1,597,654.73.

The Northwestern road retains its position at the head of the procession paying \$540,734.32. It is not only at the head, but it has also made the largest gain, as it pays \$28,050.54 more than it did last year.

The Milwaukee road, second on the list, pays \$2,359.02 more than a year ago. The Wisconsin Central shows a decrease of nearly \$4,000. The Eastern Railroad of Minnesota pays \$8,000 more than it did a year ago, and its total is only \$25,000. Only a few of the roads show a decrease. The total shows that the railroad business of the state has been satisfactory during the year. The state treasurer made his report of the receipts to the secretary of state yesterday afternoon.

SPARKS FROM THE WIRES

Des Moines, Ia., Oct. 2.—The sixth annual convention of the National Grain Dealers' association opened here this morning. About five hundred delegates from all parts of the United States are present.

Nannaimo, B. C., Oct. 2.—The situation at the Extension No. 2 mine remains unchanged. The bodies of the seventeen victims cannot be recovered for months. The sealing of the mine in an effort to smother the flame was unsuccessful. The air is constantly leading in and causing explosions.

Helena, Mont., Oct. 2.—A mob stormed the county jail about two o'clock this morning and secured James Brady, accused of assaulting a girl. The prisoner was taken to the Haymarket in the center of the city and hanged.

CAUSED A LOSS OF HALF A MILLION

Destructive Fire Swept Away an Entire Block on the River Front at Alton, Illinois.

Alton, Ill., Oct. 2.—A disastrous fire swept over an entire block on the river front here today causing a loss of half a million dollars. The principal buildings destroyed were the Standard flour mills, Alton Rolling mills, Farmers Elevator office and the Sentinel-Democrat. Sixty cars loaded with wheat were also destroyed.

BOER WAR STIRS GREAT BRITAIN; BURGHERS ARE STILL EFFECTIVE

Widespread Revolt in Cape Town and Formidable Demonstrations on the Border of Zululand—English People Will Make Strong Protest.

London, Oct. 2.—The war news remains as ambiguous as the Delphic oracle. Kitchener's weekly return of Boer losses was not unfavorable, but the public faith in these arithmetical demonstrations of British progress has been "impaired." While 2,000 Boers have been killed, wounded and captured during September, the commandoes still retain the power of attacking in considerable strength and capturing convoys.

Boers Are Still Effective The Boer force, estimated by Kitchener at 13,500 in July, have been reduced on the face of the returns by over 5,000, yet 8,000 maintain an effective resistance in the Transvaal, encourage a widespread and systematic revolt in Cape Town, and are making formidable demonstrations on the borders of Zululand.

The guerilla warfare against the War office continues with unabated ardor, but without substantial results. Whatever may be the relations of Kitchener and Broderick it is evident that there is discontent among the officers in South Africa and that fresh blood is needed and that recruiting has virtually stopped. No official return has been published for a long time of the numerical strength of the army in south Africa, but it is customary to estimate it at 200,000, but these figures are probably grossly exaggerated.

Protests Against War Five hundred public meetings arranged by the extreme wing of the opposition to protest against the government's South African policy will take place throughout Great Britain during the months of November and October. Among the speakers engaged to preach the doctrine of conciliation are Sir Wilfrid Lawson, Dr. R. Spence Watson, Harold Spencer, Rudolph C. Lehman, Dr. John Clifford and the following members of parliament: Sir John Brunner, David Lloyd, John Burns, J. Bryn Roberts and Herbert Gladstone. The specific purpose of the movement is to fight against the government's proposition to subject the Transvaal and Orange River colonies to the crown colony system.

SHERIFF TO SELL HADFIELD ESTATE

The Creditors Have Tired of the Litigation, and Will Now Try to Realize Upon It.

Waukesha, Wis., Oct. 2.—After nine years of constant litigation during which it has been in the hands of an assignee, the Hadfield estate, valued at more than a quarter of a million dollars, is to be sold under the hammer at the court house in Waukesha on Saturday, Oct. 19. The creditors having tired of the almost interminable litigation, have agreed to the sale, and an order providing therefor has been issued by Judge James J. Dick, of the circuit court for Waukesha county.

The property to be sold consists of the famous Hadfield stone quarries, lying along the tracks of the Chicago, Milwaukee & St. Paul and the Wisconsin Central railways, near the eastern limits of the city of Waukesha; a square of land in front of the Fountain house, the famous summer resort hotel in the Saratoga of the west, which has been regarded as a public park, and containing the famous Fountain spring, the title to which rests in the Hadfield estate; some thirty houses and lots in the city of Waukesha, and a theater in Portage which was erected at a cost of \$20,000. It is conservatively estimated that the property to be sold is worth \$250,000.

WILL BE NO RAISE IN PRICE OF CHEESE

Badger Cheese Men in Session at Sheboygan Discuss Freight Rate Discrimination.

Sheboygan, Wis., Oct. 2.—A special meeting of the executive committee of the Cheese Makers' association comprising cheese men of New York, Ohio and Wisconsin, was held here today. A report was received on the discrimination made in freight rates to southern points in favor of New York and against Wisconsin. There will be no raise in the price of cheese within the next three weeks, though the inference is that after that time there will be a raise. On the several local boards the prices that will probably rule in the meantime will be 10 cents for twins, 10½ to 10½ cents for daisies and 10½ cents for Young Americas.

PARADE WITH 700 BABIES ON VIEW

Feature of Carnival Week at the Buffalo Show—Floral Parade Will Come Tomorrow.

Buffalo, N. Y., Oct. 2.—A week of carnival at the Pan-American exposition opened with a baby parade with 700 babies on view. Broke's Marine Band led the parade followed by infants in baby coaches and go-carts, babies on floats and in carriages, juveniles on bicycles and tricycles, juveniles in pony, goat and go-carts, and children riding groups of burros and ponies. Then came marching groups of children, marshalled by Mrs. John B. Milburn, at whose home President McKinley died; Mrs. Herbert B. Bissell, Mrs. Harry Hamlin and other society matrons.

At the West Esplanade band stand the babies were grouped and there they frolicked in the warmth of the Indian summer sun. Prizes were awarded for the various kinds of babies.

In the floral parade on tomorrow twenty society women of Buffalo will ride gaily decorated horses. Decorated vehicles of all kinds will be in line, including the coach built for Lafayette in 1824 and the Lincoln stage coach.

James Rawson, city hall contractor, is here from Iowa City.

EPISCOPAL CHURCH CONVENTION OPEN

Ninety Bishops, 400 Clergymen and 2,500 Laymen Are in Attendance—Matters of Importance.

San Francisco, October 2.—The general conference of the Episcopal church was formally opened here at 10 o'clock this morning. It will continue in session for nineteen days, with various meetings.

Among the delegates who arrived today were J. Pierpont Morgan, Bishop Potter, and a party of Eastern Bishops and laymen, the guests of Mr. Morgan. Ninety bishops, 400 clergymen, and 2,500 laymen are here. Many important questions are scheduled for consideration. Foremost among them are the final acceptance of the constitution drafted by the convention at Washington in 1898, and since carefully scrutinized by every diocese in the country; the canons or laws of the church; the special report on the canon on marriage and divorce, as understood by the Episcopal church, and the church's course toward Porto Rico, the Philippines, Hawaii, and Cuba.

According to the rules of the church the convention is presided over by the Bishop of the longest service present. According to this rule Bishop Tuttle of Missouri is the presiding bishop.

Report Arrest of Pat. Crowe The reward of \$25,000 for apprehension of the Cudahy Kidnaper Still Holds Good.

New Haven, Conn., Oct. 2.—Pat Crowe was arrested at Plainfield Junction last night as he came along on a freight train by Deputy Sheriff George Bliven of Central village. Bliven is supposed to have gone to William with his prisoner. Inquiry of the police at William, however, shows that they have not arrived there.

Cudahy Will Pay Reward Omaha, Neb., Oct. 2.—E. A. Cudahy has received no information regarding the capture of Pat Crowe, but expressed his willingness to be convinced. The reward of \$25,000 which he offered for the arrest of the kidnaper still holds good. A similar reward offered by the city was withdrawn shortly after the acquittal of James Callahan, Crowe's alleged confederate.

GROUND BROKEN FOR POWER HOUSE

Grading at the Beloit, Delavan Lake and Janesville Electric Road Is Nearly Completed.

Beloit, Wis., Oct. 2.—Ground has been broken for the power house of the Beloit, Delavan Lake and Janesville electric railway company. Grading on the entire line is nearly completed, and track laying will begin as soon as the rails are delivered.

The building will be a one story structure built of brick and stone, and the ground dimensions will be 80x110 feet. The big boilers will occupy the south side of the building and the engine room will front on the street. An office for the engineer will be built in the northeast corner of the structure. The great smoke stack will rise on the west side of the building.

Grading for the road is almost finished, a small space remaining between this city and Rockton. The rails which were to be delivered about the first of this month will be laid as soon as they arrive. The poles for the wires are being stripped and fitted up with brackets, etc., and the work of setting them will be begun in the near future.

The fifty houses needed to accommodate the present needs of the men of families employed by Fairbanks, Morse & Co., will be immediately built. This fact was announced at a business men's meeting held last night at the Savings bank and representatives of the company were present to receive the guarantee.

SOME CORRECTIONS MADE BY EVANS

He Denies That He Braggged of Having Destroyed the Entire Spanish Fleet at Santiago.

Washington, Oct. 2.—The inquiry court resumed this morning with Admiral Evans on the stand. He corrected a printed report of his testimony.

Evans asked permission to make a personal statement to the court regarding the published story that he bragged of destroying the entire Spanish fleet. He also desired to have read a letter from Capt. Cook of the Brooklyn, who was present at the time the alleged boast was said to have been made. The counsel for Schley refused to allow the letter brought in until Cook took the stand.

Thos. Dieud, a correspondent who was on the Texas during the battle of Santiago, took the stand to correct his testimony of yesterday. He stated that he had found since yesterday that he had in his story of the battle accredited the victory to Schley.

Lieut. Commander Sharp, who commanded the Vixen during the war, testified that the weather on May 24 was squally but not enough to cause him to slow up. He said that his vessel had sufficient coal.

LIPTON WANTS TO HURRY RACES

Highlands, N. J., Oct. 2.—Sir Thomas Lipton is in receipt of scores of cablegrams congratulating him on the Shamrock's great showing yesterday.

It is learned on good authority this morning that Lipton's wish for races on consecutive days is likely to be granted. The cup committee will meet soon to discuss the matter.

GOVERNOR GOING TO FRENCH LICK

Will Leave Madison in a Week or Two to Recuparate at the Springs.

Madison, Wis., Oct. 2.—Gov. La Follette is now improving steadily and is considerably better today. As soon as he is able, probably within a week or two, the governor will go to French Lick Springs to recuperate.

TWO NEGRO BOYS HANGED TO A TREE

Shelbyville, Ky., Oct. 2.—Jumbo Fields aged sixteen and Clarence Garnett, eighteen, both colored, were taken from jail here by a mob early this morning and hanged to a tree. They are charged with the murder of Will Hart, who was stoned to death about ten days ago. No motive for the murder of Hart is known.

JUDGE GILSON GIVES REASONS

Why He Dissents from the Report of the Tax Commission.

TO LIMIT AMOUNT

Assessment of Property at Market Value Not Meant by New Law.

SCHOOL TAX TOO HIGH

Madison, Wis., Oct. 2.—Judge N. S. Gilson, state tax commissioner, yesterday afternoon gave out the following statement of his reasons for not signing the state assessment certified to the secretary of state last week by the other two members of the state board of assessment, Messrs. George Curtis and Nils P. Haugen: "My associates of the commission interpreted the statute prescribing our duties to mean that all taxable property should be determined and assessed at the full true value or the market value."

Law Does Not Require It. "I do not in view of all the rules of law for the construction of statutes, consider that the law in question requires that property shall be assessed at the market value in making the state assessment, and for that reason did not join in certifying the list to the secretary of state. 'The subject was carefully and exhaustively considered by all members of the commission with the result stated. It is unnecessary to review the grounds for the conclusion reached by my associates or to state the arguments to sustain my view of the statutes, as such statements will serve no useful purpose."

Increases Tax for School Fund "The assessment as certified to the secretary of state is a just and fair one as between the counties according to the value of the property in each, but the effect is to largely increase the state one mill tax for the common school fund income."

"The attention of the legislature was called to the doubtful method of an annual state mill tax on the state assessment for the support of the common schools, and instead thereof was urged to make a fixed and definite appropriation. A bill prepared by the commission was introduced in the senate and assembly limiting the state one mill tax to \$650,000. The senate committee on assessment and collection of taxes amended the bill, increasing the limit to \$850,000. The bill as amended was defeated in the senate. The assembly bill was not acted upon. It was withdrawn upon request of the committee but the unanimous consent of the assembly."

A Difference of Judgment The judge declined absolutely to discuss further his reasons for concurring with the law as he did. He simply differed with his associates in construing the law—it was a difference of judgment, that was all. Just why he believed the law provided that property should be assessed at its market value for local taxation purposes, the judge declined to say. The judge said that in his opinion the duty of the secretary of state in levying taxes was purely ministerial—he had no authority whatever to change the assessment."

FARMERS MEET TO DISCUSS AFFAIRS Men of Note Are in Attendance at the Annual Meeting Held at Sioux Falls, S. D.

Sioux Falls, S. D., Oct. 2.—The twenty-first annual meeting of the National Farmers' Congress is convened here for a ten days' session. The meeting is being held in the auditorium, which has been elaborately decorated with grains and grasses. There are many delegates present from Northern States, but the South is poorly represented.

At last evening's session the roll of states was called for the selection of men to serve on the resolutions committee. The principal address of the evening was made by F. B. Thurber of New York City. His subject was: "Foreign Markets for Our Surplus Produce."

The session was enlivened by the presence of the First Regiment band. President R. G. F. Candage of Boston delivered the annual address. There is much difference of opinion on the advisability of the passage of a law against oleomargarine and the liveliest discussions are likely to be on that subject. J. Sterling Morton of Nebraska, ex-Governor Hoard of Wisconsin, and Charles Y. Knight of Illinois, Secretary of the National Dairy association, will be among the prominent speakers.

Carnegie Plan Not Popular New York, Oct. 2.—The London correspondent of the Tribune says: "Scottish students seem to hold aloof from Mr. Carnegie's munificent university scheme in Scotland. This is the effect of the executive committee's report just published."

JANESVILLE BOY A GLOBE TROTTER

A. H. Merar Returns Home After a Wonderful Experience in Many Parts of the World.

A. H. Merar, fifteen years of age, a son of Dr. L. P. Merar of the Hayes block, is a much traveled young man. He left his home in Milwaukee when he was thirteen years and and girdled the globe besides making numerous trips across the United States. He has crowded into two years more travel than is usually allotted the most confirmed globe trotter. His first trip was from Milwaukee to Fort Logan, Colo., where he joined the 34th Infantry as a servant. From there he went with the company to Fort Niagara at Buffalo, where he became Major Logan's servant.

He went with the company to New York when they were ordered to Manila and sailed for the Philippines in the transport Thomas, by the way of Gibraltar, the Mediterranean sea, Suez Canal and Singapore. He remained in Manila ten months and worked for Major Logan up to the time he was killed in a fight with the Filipinos in a battle near San Fabian in the island of Luzon.

He left Manila by transport and touched Hong Kong, China, Nagasaki, Japan, and Honolulu on his way to San Francisco. From San Francisco he went to Chicago and from there to New York. He went from New York to Norfolk, Va., where he went on board a steamer, as engineers' steward and went to Kingston, Jamaica. He could not get a boat back from this port so he walked over the mountains seventy-nine miles to Port Antonio, and from there he took a schooner back to Tampa, Florida.

From Tampa he went to Savannah, Ga., and went to work on a Russian ship, and after eight weeks he landed at Rotterdam, Holland. He went by rail to Amsterdam and from there to Brussels, Belgium. His next trip was to Newcastle, England, and then to Leeds, where he was born. After visiting in Leeds he went to Liverpool, but not being able to get passage on a ship coming this way, he went to Cardiff, Wales, and secured passage on a boat to Galveston, Texas, which port he reached safely after a twenty days' trip.

From Galveston he came on to Chicago, and from Chicago, here, arriving last Saturday night. His parents were very much pleased to get him back home and hope to keep him here. He speaks five languages: English, Spanish, German, Hebrew and Dutch, besides a smattering of the native Filipino tongue. The adventures he had on his trips and the descriptions of the towns he visited would fill a large volume. He now knows more of the geography of the country than a man who has studied it all his life.

DISPOSES OF THE MARKET HUNTERS

Under the New Law People Who Eat Game Must Kill It Themselves.

The proposition that people in the large cities are unable to get wild game for table purposes on account of the stringent shipping laws is making lots of trouble for the commission men. They are unable to get game for their customers, unless they send a man to the shooting grounds after it or pay the fare of the shooter in to the market and back again.

This causes a scarcity of birds and also makes them very high-priced.

The law that no non-resident shall carry out of the state more than fifty birds or animals protected by the laws of the state in any one year, prevents a non-resident carrying out much of a bunch for sale. The provision that no resident shall ship any birds within the state or out of the state unless they are accompanied by the owner, and are carried as baggage or express is putting a stop to market hunting in a great measure. Not enough birds can be killed now-a-days to make it an object to the shooter to carry them out of the state, and when he tries to send them by express he stands a big chance of losing his entire kill.

All of these things are very discouraging to the market hunter and have a tendency to drive him out of business. It is now getting down to the proposition that if you must have game to eat you will have to go out and kill it.

As the game diminishes, more and more stringent laws are passed to protect it. If this was not done, in a short time there would be very little game left. Another thing has been done by the state that will result in helping out the shooting, is the passing of the law prohibiting spring shooting. Already this fall, can be seen the effects of protecting the birds that nest in this state. There are more teal, mallard, wood duck and widgeon at Lake Koshkonong this fall than has been known in several years. This condition of affairs is not confined to Koshkonong alone, but reports of like nature come from all over the state. What effect it will have on the canvas back and other northern duck can be told better after the shooting season is over. But with market shooting stopped and the spring law enforced there is likely to be some game for many years to come.

Standing of Babcock

Congressman Babcock, whose tariff reform ideas were given wide circulation some weeks ago, is still in Washington. His friends in Wisconsin call attention to the similarity of his views expressed last April to those uttered by the late president in his last public address and those of Mr. Roosevelt at Minneapolis while vice president. It is said that Mr. Babcock will visit Wisconsin in a short time. There is a great deal of speculation among republicans as to

the position he will occupy in the factional fight now on in this state. He is known to be the mortal enemy of Isaac Stephenson, but he lives in a district that has been for years the great stronghold of Governor La Follette. Babcock will never associate actively in the same political company with Stephenson. He may refuse to participate in the row, but he will never do anything to promote the political interests of the Marquette man.—W. F. Hooker, Chicago Inter Ocean.

Pleasant Surprise Party

Mr. and Mrs. A. C. Swift of 154 South Main street were pleasantly surprised last evening by a number of the members of Janesville lodge, No. 90, I. O. O. F., and Rebekah Lodge, No. 171.

Twenty-five years ago yesterday Mr. and Mrs. Swift started out on life's road as man and wife, and it was in celebration of the twenty-fifth anniversary of the event of their marriage that last night's party was planned and carried out.

Mr. and Mrs. Swift are members of the orders which planned the surprise. They received their guests with open arms and an evening of genuine pleasure followed.

During the evening James A. Fathers, in the name of those present presented the happy couple with a silver tea service and a set of silver spoons and a set of oyster forks. Mr. and Mrs. Swift accepted the presents and thanked the donors for so handsomely remembering them.

Methodist Ladies' Aid Society

The Ladies' Aid Society of the First M. E. church held its annual meeting yesterday and elected the following officers for the coming year: Mrs. Bates, president; Mrs. Sellick, vice president; Mrs. Bagley, secretary, and Mrs. Blay, treasurer. The reports for the past year were presented showing that the society has done excellent work. Besides assisting in meeting the running expenses of the church, the society has purchased new dishes and silver knives, forks and spoons. The ladies raised about \$450 last year.

THERE IS DANGER IN THE QUICK RUNS

A lot of burning rags and oil at a house on the corner of South Franklin and Center streets caused an alarm to be turned in from box 41 shortly after five o'clock last evening. The department made a quick run to the place but found that there was no need for their services.

It is only a question of time, unless some system is adopted to prevent such things, when the fire department will have an accident that will result in a number of people getting badly hurt if not killed. Yesterday afternoon when the patrol wagon was going down Franklin street at a high rate of speed, the driver, of the aerial ladder turned off from Franklin onto Center street, directly in front of, and not more than fifty feet ahead of the patrol team. There was no chance for the patrol wagon to get around the end of the ladder down Franklin street, and the side of the street was lined with telephone poles so that he only thing to do was to go ahead and take a chance of slowing down enough to turn the corner.

Driver Ben Barlage took a chance and managed to swing the corner between the wagon and telephone pole and came out all right. If he had not slowed down a moment before to keep from running over a boy there would have been a bad smash-up and someone would have been badly hurt. A minute or two longer taken in going to a fire may save the city a pair of horses and the loss of some of the firemen.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will cure One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c. Hall's Family Pills are the best.

THE WEEKLY CROP REPORT PLEASING

Temperature Conditions of the Past Week Were Highly Favorable—Plowing and Seeding Progress

Washington, D. C., Oct. 2.—The last weekly crop report of the department of agriculture for this season was issued this morning.

The temperature conditions of the week ending Sept. 30 were highly favorable throughout the central valleys, lake region, middle Atlantic states, New England, and no damaging frosts occurred in these districts. Heavy rains in the upper Missouri valley and Minnesota interfered with farm work and caused some damage to hay and stacked grain in South Dakota and Nebraska. Excessive rains also interfered with farm work in portions of the South Atlantic and east gulf states.

Rain is generally needed in Illinois, Indiana, and also over the greater part of Texas for pastures and truck farms. On the north Pacific coast the week has been cool and wet, with damaging frosts in Oregon and Washington. Injurious frosts also occurred over the middle Rocky Mountain districts.

The week has been favorable for gathering and maturing corn, and reports from the principal corn states indicate that a much larger acreage than usual at this date has been cut. The crop is now practically safe from frost in all districts.

Only a small part of the tobacco crop, and that in Kentucky and Tennessee, remains unharvested. The reports generally indicate this crop has been secured in satisfactory condition.

Plowing and seeding have progressed favorably in nearly all districts, and the early sown wheat in the states of the Lower Missouri Valley has come up in excellent condition. In southern Michigan and portions of the Ohio and Central Mississippi Valleys, however, plowing and seeding have been delayed on account of the dry condition of the soil, and in Ohio seeding has been purposely delayed on account of the hessian fly.

Wisconsin—Showers improved pastures and placed soil in good condition for seeding winter grains; second growth of clover harvested in excellent condition.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

Reported by R. E. McGuire.

Sept. 25, 1901.

WHEAT—Spring 60¢; winter 55¢.

Harry Garbutt Returns Home.

Harry Garbutt has returned home from a business and pleasure trip to England. He was absent six weeks and spent the greater part of the time in London and vicinity, visiting relatives, among them a sister whom he had not seen for several years. He made his return trip across the ocean, on the Campanian, the voyage being one of the roughest the steamer had ever experienced. There were four days of exceedingly rough weather and one of the sailors was killed by being struck by a large wave. He was a young man and had only been married thirteen months. He was buried at sea and the passengers on the Campanian took up a collection for the young widow. The amount raised was \$1,100.

Mr. Garbutt was in London when the news of President McKinley's death was received and was surprised and gratified at the sincerity of the grief of the English over the great calamity. Stores were draped, flags were floated at half mast in his honor and there was every evidence of affectionate respect and mourning.

AMUSEMENT NOTES.

Edward E. Rice's popular musical comedy, "The Girl From Paris," will be seen at the Myers Grand, Oct. 5, and will be presented by the New York company in the same elaborate manner as seen at the Herald Square Theater 30 times, from where it was compelled to move to fill its engagements.

The Girl From Paris

ments in Philadelphia, where for seven weeks it crowded the Chestnut street theatre. "The Girl From Paris" has been one of the most pronounced successes and the reason for it is that it is unlike any other offering of the kind.

It is part of a manager's duty to herald his as the greatest attraction in the world, and it must be a gratification when the press and the public save him that by doing the proclaiming for him. Such is the case with Roland Reed's "Humbly," for its manager spoke so truly of its merits that since its first production before the public they have had less and less to say, and the public more and more in laudation. "Humbly" will pay a visit to the Myers Grand in October, and if we are to believe half of the good things said of it it will amply repay all who go to see it.

Clyde Fitch has written many a good play and in the opinion of the leading New York critics, "Barbara Fretchley" is by far the best. Scenes of pathos, comedy and sentiment are presented in such rapid succession that from the rise to the fall of the curtain the interest never flags. Every attention has been paid to scenic detail, and the costuming of the characters, which will be in keeping with that worn at the time of the action of the play. The title role, "Barbara," will be portrayed by Miss Frances Gaunt, who is not only a pretty, versatile young actress, but is said to be peculiarly suited for the part by reason of a charming personality. Miss Gaunt was selected by Charles Frohman to replace Miss Viola Allen in "Under the Red Robe" company. She will have the support of a strong acting company. "Barbara Fretchley" will be the attraction at the Myers Grand Friday, Nov. 8.

When the curtain rolls up at the Myers Grand tonight the public will see the handsomest and most complete sets of scenery ever carried by a traveling organization. Rusco & Holland had this made especially for their old Uncle Tom's Cabin Co., and is a new departure in stage craft. The scenery is of a new design and is made to fit any size stage and is a feast for the eye. No play on the American stage admits of more opportunity for scenic display than Harriet Beecher Stowe's immortal drama, Harry Woods, the famous "Marks," is with this company.

Excursion Tickets to County Fair at Beaver Dam, Wis.

WE KEEP THE QUALITY UP

Our New Showings Winter Garments

ARE ATTRACTING WELL MERITED ATTENTION

For 30 days we have been showing the proper new things in automobile cloaks and jackets. The half fitted backs seem to strike the popular fancy. The castor and light tan shades are much favored, although oxfords and all black are receiving their share of attention. Red and brown meet with fair request, especially red for misses.

Three Quarter Lengths

are just now having the call. Thus far we have sold about 50 garments, enough to show the trend of the trade toward particular style. At \$10, \$12, \$16 we are showing garments that hold their own in the face of the strongest competition.

Nobby Jackets

in red Kersey, oxford and black chevots, stitched and trimmed. Exceptional values at 10, 12, \$15.

Capes in long...

lengths are in strong demand; reds and tans are very stylish for evening wear. Large line of blacks. Have capes in plain fur trimmed, fur lined, &c. Our variety is great. Great plush capes for the money, short and long, plain or trimmed.

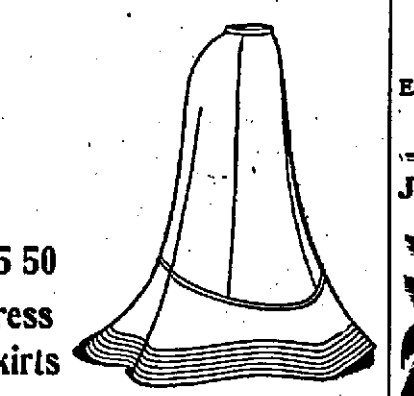

Full length garments being more extreme, will probably not have as general a sale as other styles, but no doubt quite a number will be worn. We show them.

Don't Get Married

That is, do not feel that you have got to get married to a certain length garment whether it is becoming to you or not. Every woman cannot wear the same style. We aim to carry variety large enough so that it will be no trouble to find a suitable garment here.

Walking Skirts

Rack after rack of them. Look our stock over, then look around a little, you'll notice who leads.

Black, plain and pebbled chevots, all sizes, all lengths, nicely trimmed with black satin bands, some with double graduated flounce; cannot be matched elsewhere.

Here can be found the most complete stock of skirts outside of the large cities. Also have walking skirts in all sizes for misses, in gray and brown meltons, lengths 30, 31, 32, 33 and 34 inches, stitched bottoms, patent lace placket, beautifully made at \$3.50 and \$4.50.

We Are in Excellent Shape to Supply All Demands For Goods in Our Line

It's a "Cinch"

that you will drink no other beer after trying our **STAR EXPORT**. It costs no more than any other beer and there is no other beer so good. It's the best for your health, your comfort and your pocketbook.

LATE TELEGRAPHIC NEWS

CAPT. SIGSBEE A WITNESS

Tells of His Part in Santiago Battle.

QUESTION OF GETTING COAL.

Capt. Sigbee Saw the Flagship's Signal Notifying Him That There Was a Great Shortage of Coal on the Fleet—A Day's Proceedings.

Washington, D. C., Oct. 2.—Captain Charles D. Sigbee, who commanded the scout ship St. Paul during the Spanish war, was a witness before the Schley court of inquiry. He said that in obedience to orders from Captain Wise, his commanding officer, he had proceeded to the vicinity of Santiago, arriving there on the 21st. He told of taking aboard the Cuban pilot, Nunez, and said that he did not have great confidence in that individual. His instructions were to report to Commodore Schley that the Spanish squadron probably was in Santiago harbor. He fell in with the flying squadron on the evening of May 26, the squadron then being twenty or twenty-five miles south of Santiago. He had reported to Commodore Schley that he "knew nothing positively" about the Spanish fleet.

Sigsbee then was asked if he had expressed his belief to Commodore Schley that Cervera's fleet was not in the harbor, as reported later by Commodore Schley. A controversy arose over the admissibility of the question and the court took a recess for luncheon.

Notified of Need of Coal.

Captain Sigbee said that when he had boarded the Brooklyn on May 26, Commander Schley had told him that he was bound for Key West for coal. "Did he ask you if you believed the Spanish fleet was in the harbor at Santiago?"

"I don't remember his putting a question in such terms."

The witness recalled a signal from the flagship at that time asking him to "inform Sampson that one-half of this squadron is out of coal."

"Did you ever megaphone the press boat Summers N. Smith that the Spanish fleet was not in the harbor at Santiago?"

"Never. One of the press boats hailed me, saying that Schley had the Spaniards bottled up at Cienfuegos. I replied that we had had them bottled up at Santiago for a week."

Mr. Rayner attempted to quote a statement from Sampson to the effect that Captain Sigbee had said that on May 29 the flying squadron was blockading Santiago twenty-five miles out at sea, but objection was made to bringing Sampson in, and Mr. Rayner asked Captain Sigbee whether he had made that report to any one at that date. The witness replied in the negative.

In reply to a question as to the condition of the weather at the time he was at Santiago, Captain Sigbee said: "During the 24th, 25th and 26th of May the weather was unsettled; trade conditions had been hindered. There was more or less rain and moderately heavy sea on those three days."

Did Not Seek Spanish Ships.

By the court—Did you make any effort to ascertain if the Spanish squadron was at Santiago prior to May 23?

"Only by extreme watchfulness, that is all."

By the court—What information had you communicated to Commodore Schley on May 26 regarding the whereabouts of the Spanish squadron?

"The department's order to me directed me to state that the Spanish squadron was there, or had been reported there, and, again, the circumstantial evidence afforded by the captain of the Restormel after its peculiar cruise."

By the court—Did you receive a dispatch from Secretary Long, dated May 20, stating "The Spanish fleet arrived at Santiago on May 19?"

"I am not certain, but my recollection is that it stated it arrived on the 19th or 21st."

By the court—Did you show this dispatch to Commodore Schley on May 26?

"I already said I cannot recollect the act of showing it to him. I presume I did, but that I informed him, I remember."

Sampson's Clerk Is Heard.

Captain Sigbee was then excused, and Chief Yeoman Gustave E. Becker, who served as a clerk to Admiral Sampson on board the flagship New York during the Spanish war, was called. He identified the memorandum from Captain McCalla, saying there was a good landing place near Cienfuegos, which Sampson sent to Commodore Schley under date of May 19, and said that this memorandum had been carried in duplicate by the Iowa and the Dupont.

Evans Is Recalled.

When the next session met Admiral Schley's counsel tried to shatter the testimony given by "Fighting Bob" Evans, with the vigor shown by the American ships in destroying Cervera's fleet at Santiago. Admiral Evans' statements on direct examination at the former hearing did not help Schley's case, and when the applicant's attorneys began the cross-examination they endeavored to weaken his

story by showing that he has given a different version of the affair.

"Did you in a conversation with Commodore Schley say to him, 'Did you know that Jack Phillips started to run away with the Texas?'" asked Mr. Rayner, "and did not Commodore Schley reply to you: 'You are mistaken about that; the Brooklyn made the turn—not the Texas—and you must see that the turn was necessary?'"

Makes Emphatic Denial.

"The idea that I ever intimated that Phillips tried to run away with the Texas is preposterous," said Admiral Evans with emphasis. "I never said that."

Then Attorney Rayner tried to show that Evans had boasted of destroying all the Spanish ships himself—that he had told Schley he shot the bow off the Pluton, raked the Teresa, dismantled the Oquendo and set the Vizcaya afire.

"I do not use all the language attributed to you," said the attorney, intimating that he was omitting the "cuss" words and plain Saxon for which Admiral Evans is said to be famous, and at this the naval men present smiled broadly.

"I never used such language," said Evans, meaning that he did not make such a boast.

Among the day's witnesses was Thomas M. Dieulade, a newspaper correspondent.

Handler Out in First Round.

To Search for South Pole.

New York, Oct. 2.—Frank Wilbert Stokes, an Arctic artist who was with Lieutenant Peary in 1892, 1893 and 1894, will start at once on the Philadelphia, of the American line, to join the Swedish Antarctic expedition under Dr. Otto Nordenskjöld at Southampton. An agreement was reached by which he will be the artist for the Swedish expedition. Mr. Stokes was to have accompanied the Baldwin-Ziegler expedition, but at the last moment he gave this idea up to go instead into the Antarctic regions. The Swedish Antarctic expedition will start from Gothenburg in the steamer Antarctic on October 8 and proceed to Southampton, where the ship will coal. The ship will go thence to Montevideo and will then touch at Buenos Ayres. Afterward she will touch at the Falkland Islands, and then proceed to Graham Land, which is supposed to be practically part of the great Antarctic continent.

Mrs. McKinley Is Stranger.

Canton, O., Oct. 2.—That Mrs. McKinley is really passing through her trying ordeal and bearing up well is shown by the announced plans of Dr. Rixey. He left here for Washington to remain there indefinitely. He considers Mrs. McKinley in no immediate danger, and says she is physically and mentally stronger than a year ago. Dr. Phillips, long the Canton family physician of the McKineys, will care for Mrs. McKinley if she needs attention while Dr. Rixey is away. Dr. Rixey, however, will come to Canton on short notice any time. Secretary Cortelyou and Stenographer Webster and Spencer Coleman, who did service as McKinley's coachman here, also left for Washington.

Swells Estate of Dewey.

Des Moines, Iowa, Oct. 2.—Admiral George Dewey has acquired another house and lot through the Iowa courts. The admiral has increased his real estate holdings through a decree signed by Judge Holmes of 1st 35, in University place, one of the most exclusive residence neighborhoods of Des Moines. Admiral Dewey held a mortgage against the property, which was foreclosed against the administrator of the estate, and Judge Holmes holds it constituted a prior lien.

Turkish Designs on Koweit.

London, Oct. 2.—The Simla correspondent of the Times cables additional information concerning the alleged Anglo-Turkish troubles in southern Asia. The dispatch says: The Amir of Nejd is said to have been threatening to attack Koweit, but the presence of the British gunboats in the harbor has caused him to abandon his intention. It is suggested that Turkey intends to attack Koweit from the land side. In order to do this the troops would have to march 100 miles over the desert, but this would be practicable with small parties and camels, as there is water half way on the caravan route.

Renew Hazing at Urbana.

Urbana, Ill., Oct. 2.—For the first time since 1897, when thirteen sophomores were expelled from the University of Illinois for interfering with a freshman, hazing has been resumed at the institution. During the last week over a dozen freshmen have been thrown into Boneyard Branch, a small stream running through the campus. Others, in scanty attire, have been compelled to climb telegraph poles, perform novel gymnastic feats for the benefit of crowds of sophomores.

Jay Cooke Is Much Better.

Put-in-Bay, O., Oct. 2.—The condition of Jay Cooke, who was taken seriously ill at his home on Gibraltar Island, is much improved. His physicians state that he will probably recover.

THE MODERN CONSTRICTOR

The man tangled in the tape from the tacker is the type of the average business man. His business cares wrap him about like the coils of a constrictor and slowly crush out his life. The common sign of the business man's slavery is "weak stomach," the natural consequence of the rapid eating, the indigestible pastry, the coffee and pie or doughnuts, with which many a man stuffs his stomach under the name of "quick lunch." The quickest way back to a strong stomach and sound health is to use Dr. Pierce's Golden Medical Discovery until perfectly cured. It goes to the root of disease. It removes the cause of ill-health. It makes more blood and better blood, and this blood nourishes every organ in the body to the highest point of vigorous health.

"During the summer and fall of 1896," writes Chas. H. Sergeant, Esq., of Plain City, Madison Co., Ohio, "I became all run down, nerves were out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Doctor Pierce's Golden Medical Discovery, and thanks to you for your advice, I used six bottles; and since I stopped taking it about one year ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. My blood and nerves are in good shape, and I am in good running order." Dr. Pierce's Pellets cure biliousness.

THE CLEANSING AND HEALING CURE FOR CATARRH

ELLY'S CREAM BALM
It is quick and pleasant to use. Contains no injurious drugs. It is quickly absorbed. Gives relief at once. It opens and cleanses the nasal passages. Alleviates inflammation. Heals and protects the membranes. Restores the senses of taste and smell. Large Size, 50 cents at drugists or by mail. Trial Size, 10 cents by mail. 101-112 Broadway, New York.

NOTICE TO CREDITORS—State of Wisconsin—County Court for Rock County—In Probate.

Notice is hereby given that at a regular term of the County Court to be held in and for said county, at the Court House, in the city of Janesville, in said County, on the first Tuesday of April, A. D. 1902, being the 1st day of April 1902, at 9 o'clock a. m. the following matters will be heard, considered, and adjudged:

All claims against Chalmers C. Morrison late of the town of Center, in said county, deceased.

All claims must be presented for allowance to said Court at the Court House, in the city of Janesville, in said County, on or before the 17th day of March, A. D. 1902, or be barred. Dated Sept. 17, 1901.

By the Court, J. W. SALK, County Judge.

ARRAIGNMENT OF YELLOW JOURNALS

Prophetic Utterances of Hon. C. G. Williams, in a Memorial Address Over Garfield's Death.

On September 26, 1881, when the nation was in mourning on account of the tragic death of President Garfield, the late Hon. C. G. Williams delivered a memorial address in Janesville. Attention has been called to this address by Mr. Williams' daughter, Mrs. Campbell of South Dakota, and The Gazette is pleased to reproduce a part of it, that deals with the press and yellow journalism. In the light of recent events the utterances seem prophetic. The reformer urged by Mr. Williams has not yet been accomplished and another sad lesson has again called attention to the evil. Mr. Williams said in part:

"Beside the telegraph and the steam car stands the American press. How potent for good. How powerful for evil. Whoever mingles much with American journalists will find them as a class gentlemen of culture and character. Their responsible and hard-worked correspondents in the great cities are as a rule men of industry, sobriety and worth. Their reporters, who are compelled to take items on the wing, and deal largely in rumor and gossip, generally have a soft side to their nature and reject far more cruel truths than they record. So the country press in almost every neighborhood, as a rule suppresses more bitterness than it encourages. It is not from any of these the danger comes."

"It is the spawn of journalism that is the calamity and curse of the earth. It is the men devoid of character and truth, and who glory in the fact, who lurk in ambush and over anonymous titles stab by innuendo; it is these who infect society and poison all the air with their sleepless venom, and it is from an atmosphere like this that the Gilean's bullet came. If the death of one even so great as Garfield can create a public sentiment which shall demand that whoever attacks another personally in the public press shall do it over his own signature, that all may see who the assailed and assailant are; then even Garfield did not die in vain."

"On the contrary, I believe if he could look back from his bright abode and feel that his had been accomplished; no one more than he would appreciate the legacy which his martyrdom had left to mankind. Republican institutions are impossible without an unshackled press. Men in public position should not only expect, but should invite the closest criticism and scrutiny of their every act. But malice is not criticism and cowardly assassination, whether by tongue or knife, never was nor never can be a corrective of public evil."

"Our public men and especially our president must be shielded in some way, or the reign of assassination has but just begun. No man in that position, and who wields such vast power as the president does, can be held up to public odium and contempt day after day and week after week without exciting the passions of just such unbalanced, lawless and vicious wretches as Gilean, whose first thought is of the dagger or bullet."

"Let us hope that under the shadow of the great calamity by which all the hearts are bowed today the American press which does indeed hold the destinies of the republic in its keeping, will apply the corrective and shield our presidents from death by assassinations. And let us hope that in this effort they may be most cordially and earnestly seconded by the sovereign people themselves."

CITY BONDS ARE READY TO DELIVER

One hundred and thirty new city bonds of \$500 each have arrived and are now ready for delivery to the subscribers. The final touch was given them this morning when Mayor Richardson and City Clerk Badger affixed their signatures to each of the bonds. They are handsomely engraved, one page showing the bond itself giving its number and date and the purposes for which it was issued. The opposite page contains the interest coupons, which vary in number from one to twenty, according to the number of years the bond is to run. They draw interest at 4 per cent, but were sold at a premium and net about three and one half.

Telephone Pole Broke

A large pole belonging to the Rock county telephone company located at the corner of North Jackson and West Bluff street snapped short off this morning about ten feet above the ground and fell over towards the center of the street. It was kept from dropping down into the middle of the road by two cables and the numerous wires strung on it. The heavy weight of the wires and cables with the help of the wind is supposed to have caused it to fall.

City Hall Begins to Loom

The city hall begins to loom up in good shape. The work of construction is being pushed along as fast as a large force of men can force it. The foundation walls and the first course of cut stone up to the first story are about completed. The window and door casings are in place and the steel bars for the outside windows of the lock-up part of the building are already set in the stone. With continued good weather the building will be all enclosed before cold weather sets in.

Palm Cafe for Sale

I offer my restaurant business and equipment for sale at a bargain. Write at once. J. H. Dugdale, Platteville, Wis.

Alderman Walter S. Rice is home from a trip to Chicago.

The ladies of Trinity church will have a rummage sale. Notice of time and place later.

J. M. Bostwick & Sons mention interesting things in their ad on page 2 this evening.

Special sale of cloaks at Bort, Bailey & Co's. store today and tomorrow. Samuel Echlin is home from a delightful visit with friends in Chicago.

W. J. Cannon quotes interesting prices this month on page 8. See large display ad on page 8.

A single want classified insertion in The Gazette resulted in eight servant girls applying for a position at 153 Washington street.

Wanted—Girls with sewing ability on power machines to make skirts, waists, and outside skirts. Thorough instruction for beginners. Will be advanced as fast as ability is shown. Call at once. Isabel Mfg Co.

If you wish to save money on stylish winter garments, be careful about placing an order before you look here. T. P. Burns.

T. P. Burns has just received a large line of popular priced walking skirts.

Regular meeting Wisconsin Lodge No. 14, P. O. F., at East Side Odd Fellows' hall this evening.

Judge Dunwiddie yesterday granted a decree of divorce to Frances Ross from Edwin Ross. The parties reside in Green county.

Don't fail to see the large new line of correct styles for fall in ladies' tailored made suits just received. T. P. Burns.

On Friday night the sixteenth session of the People's Lecture course will open with a grand concert.

Tickets for the People's Lecture course are on sale at the different drug, book and jewelry stores and should be obtained before the opening night so as to avoid delay at the door.

Mrs. Vernon Clute, of Greenwood, Wis., who is visiting her parents, Mr. and Mrs. Frank Burroughs, in this city, gave birth to a ten pound son, Sunday.

The watch taken from Ernest Byers when he was trying to pawn it at Burnham's jewelry store, belongs to Miss Mary Rexford. Miss Rexford thinks she must have lost the watch while getting on a street car in front of her home on Washington street.

All Royal Neighbors are requested to meet at Mrs. J. W. Blow's, 356 S. River street tomorrow afternoon for work.

Every lady who contemplates the purchase of a cloak this fall should see the display now being made by Bort, Bailey & Co.

It is said that about sixteen members of the Whitehall club are working in a railroad gravel pit in the northern part of the state, each man earning \$1.75 per day.

One hundred ladies' suits that range in price from \$10 to \$25 each have been placed on display in connection with Bort, Bailey & Co's. special sale on cloaks.

Ensign Williamson of Belvidere will conduct a special meeting at the Salvation army hall, 17 North Main street, Friday evening. A number of recruits will be sworn in as soldiers. Everybody is invited. Come and hear the ensign.

Shurtleff & Co. have made the purchase of a handsome wagon which they will use in retailing butter each day to the local trade. Shurtleff's idea of delivering fresh made butter each day is an excellent one and will no doubt be met with hearty support.

Prof. G. W. Brace, who injured his hand painfully in the planing machine at the high school yesterday morning returned to his duties today and conducted his classes in spite of the fact that he suffered greatly from the pain.

This evening the store of Bort, Bailey & Co. will be open late so as to give the ladies of Janesville an opportunity to see the excellent display of cloaks as shown by Mr. Lewis representing the famous cloak house of Joseph Belford & Co.

Supt. H. C. Buell has been appointed official visitor of the Platteville Normal school and chairman of the visitor's committee by State Superintendent L. D. Harvey. The other members of the committee of visitors for the Platteville school are Prof. Upham of Whitewater, and County Supt. Lowry of Waubesa county.

The Wau Dren Sisters, the celebrated pianists, have opened their Oriental palace of palmistry, in store No. 20 West Milwaukee street, where they will remain a few days only. They give a complete life reading for the small fee of twenty cents. Don't miss this opportunity to have your palm read. Palace open 9:30 a. m. to 9:30 p. m. Corner Milwaukee and River streets.

Mrs. C. Edwards Injured

Mrs. Carlissa Edwards of 2 Lincoln street, is recovering from severe injuries sustained by falling down stairs. The accident occurred at her home Saturday and Mrs. Edwards' head was very badly cut both on the top and on the side. Dr. W. H. Palmer was called to attend the injured woman and found it necessary to take fourteen stitches in the cuts. Mrs. Edwards was able to be down stairs today and is getting along quite nicely. She feels that she has reason for congratulating herself on her fortunate escape from more serious injuries and her many friends will be pleased to know that she is recovering as speedily from the effects of her fall.

ST. PAUL OFFICERS ARE ON A TOUR

Railway Magnates Inspecting the Different Branches of the System Under Their Charge.

A special train over the St. Paul road arrived in the city this morning, having on board the officers and directors of the road. They were making a tour of inspection over the different branches of the system. They came here from North McGregor, Ia., and after stopping here for about half an hour pulled out over the Janesville & Southeastern for Chicago. Among those making the trip were Roswell Miller, chairman of the executive board; A. J. Earling, president; H. R. Williams, general manager; E. P. Bond, secretary; W. H. Rockefeller of New York; Henry C. Payne and E. C. Layton of Milwaukee. The party traveled in fine style in private cars and seemed to be enjoying the trip immensely.

RETURNED HOME FROM VISIT EAST

J. B. Williams returned home last night from an extended and very enjoyable visit in the east. Mr. Williams, who is an old veteran, attended the national encampment of the Grand Army of the Republic at Cleveland, Ohio, last month and after the encampment he visited relatives at Akron, O. his old home. He went to Canton to attend President McKinley's funeral and was among the old soldiers who participated in those last sad services. Before returning home Mr. Williams spent several days at the Pan-American exposition at Buffalo.

Mr. Williams is exhibiting a souvenir of his trip which is greatly admired by his comrades of the Grand Army. It is a canteen made of white earthen ware with the leather strap extending around it to support it. On the face of the canteen is a colored Grand Army badge with the memorable dates 1861 and 1865 on either side of it in gold letters. Above the badge, also in gold lettering, is Mr. Williams' name and below it the name of his company and regiment, Co. G, Forty-Sixth regiment, Wisconsin Volunteer Infantry. The souvenir was the gift of Mr. Williams' sister and is highly prized by him.

THEIR OBJECT IS STUDY OF MUSIC

Musical-Literary Society Will Resume Its Session For the Season on Tuesday, Oct. 15.

The Musical-Literary society will resume its study for the year on Tuesday evening, October 15, when the first meeting of the season will be held. A miscellaneous program will be given on that occasion. The officers and members of the program committee have already outlined the work for the year and the program promises to be very interesting. The season will include twelve meetings, to be held on the first and third Tuesday evenings of each month.

The same plan of study as that of last year will be followed. Each active member of the society is expected to give a number on four of the programs. Cards have been sent to all the members asking them to notify the program committee on what evenings they prefer to appear and this expressed preference will be regarded as far as possible in making up the programs. Members have been requested to send in their replies by Tuesday, Oct. 8, in order that the committee may make out the complete program for the year. If possible, before the first evening.

The outline for the year provides for two special evenings on which the programs will be more ambitious and of a different nature than the customary musical evenings. On Jan. 21st a concert will be given and April 15, the closing meeting of the year, the choir of the city churches will be invited to unite in giving a concert program. The work outlined provides for three miscellaneous programs and the balance of the evenings will be devoted to studying the works of certain composers or the characteristic music of certain nations or schools. The outline of the year's work follows:

Oct. 15—Miscellaneous.
Nov. 12—First Group of American Composers.
Dec. 3—Haydn-Mozart.
Dec. 17—The Romanticists.
Jan. 7—Miscellaneous.
Jan. 21—Concert.
Feb. 4—Beethoven-Schubert.
Feb. 18—The Russian School.
March 4—Miscellaneous.
March 18—Schumann.
April 1—Second Group of American Composers.
April 15—Choirs of the City.

The attractions on the People's Lecture course this year are certainly out of the ordinary and when attractions such as the Star Grand Concert Co., Ernest Seton-Thompson, Frederick E. Hopkins, Isabel Gargill Beecher and the Mozart Symphony Club can be heard for one dollar it is not to be wondered at that the same attract attention.

RIDER'S RACKET STORE.

The most goods for the least money.

NEWS OF A PERSONAL NATURE

James Haggart of -Shopleers, was in the city today on business.

Mrs. William Peters is home from a trip to the Pan-American at Buffalo.

Charles Reynolds, B. L. Watt and H. R. King returned last evening from a trip to Chicago.

J. E. Inman leaves tomorrow morning for Chicago on business with the Knickerbocker Ice Company.

Master Mechanic John Heath and wife of Chicago called on friends in this city yesterday.

D. W. Watt leaves today for Berlin, Wis., where he will act as starting judge at the races.

Miss Hazel Ames, a niece of Mrs. Taomass Madden died at her home in Belmont, Wis., yesterday.

Mr. and Mrs. A. J. Andes and daughter left last evening for Iowa to visit relatives for several days.

E. P. Wilcox left this morning for a three weeks' trip to Buffalo and other points of interest in the East.

Fred Jones has returned from Indiana, where he went some time ago for his health. He is feeling much better.

Architect A. W. Reul arrived in the city last evening. He will inspect the work already done on the city hall.

FARMERS' TEAM IN A SWIFT RUNAWAY

Mike McCue, who resides on the McBride farm on Milton avenue, left his team this afternoon without hitching them while he went into a house in the Second ward to deliver some potatoes. The horses became frightened while he was in the house, and started off on a run for up town.

They came over the Court street bridge on a jump and whirled into Main street. They ran up Main, across Milwaukee street to North First street, fortunately not hitting any of the numerous buggies that were standing along the street. At North First street they turned toward the East and ran onto the sidewalk in front of the Union house and kept on up the sidewalk to Bluff street where they were caught by William Shaw and stopped. No damage was done to the team or wagon and no outside rig was struck by them. Mr. McCue will see that his team is hitched the next time he leaves them to do any delivering.

Exquisite beauty's charming coal. Superb energy, to thrill and feel. From Traction, Burns and Smith's. Cleanliness, with which nothing else compares. In every part, our better fires: Kindled power and vital force: Gives enduring strength, to span life's course.

All the new advanced styles in cloaks are now being shown at Bort, Bailey & Co's. special sale.

HERE TODAY; GONE TOMORROW. How many pennies and how many dollars have slipped through your fingers—gone, and nothing to show for them? Carelessness, one reason; improvidence, another; rash speculation, another. The only certainty that remains is the certainty you haven't got them. Would you have your pennies and your dollars here today, here tomorrow? A policy in the Aetna Life Insurance Company will safeguard this and best of all will safeguard your family.

HARLIN E. CARY, Gen'l Agent. New Phone 222, Suite 415 Hayes.

HONEST PAINT

Intelligently and skillfully made, which has body, durability, covering capacity, brilliancy and permanency of color, fineness of finish and at the same time is economical, is what you are getting when you buy

Lowe Bros. High Standard Paints

ATHENA CLASS IS OPENED BY PICNIC

Year's Work. Began Today with a Pleasure Trip to the Home of Mrs. Leo Beers.

The members of the Athena class began the year's work with a pleasant picnic at the suburban home of Mrs. Leo Beers, this afternoon. The ladies of the class drove out to Mrs. Beers' home at 2 o'clock and the first part of the afternoon was devoted to a brief business meeting. Afterwards contents and games of a literary nature were participated in by members of the class, the time passing swiftly and merrily. Before the members of the class return home an elegant picnic supper will be served, the afternoon's entertainment and supper being provided by the ten ladies of the class whose names come first in the alphabetical list of membership. Mrs. Beers was one of this number and through her courtesy the meeting was held at her home.

BIG DEMAND FOR HUNTING LICENSES

More hunting licenses have been granted this year by County Clerk Starr than in any since the law went into force. So far this season 650 licenses have been issued, as against 504 in 1900 and 625 in 1899. This means that the hunters of Rock county have paid out \$650 for the privilege of owning a gun and pursuing game. Of this amount \$585 goes to the state and \$65 to the county. The money thus secured goes towards paying off the expenses of the state game warden's office and the salaries of the deputy wardens. A number took out licenses this year who did not last year for the reason that the last game laws make it necessary for the hunter to have a license to hunt rabbits and squirrels. A great many are ignorant of the fact that this is so and are liable to get into trouble if caught by the warden while hunting these animals without the license.

Many ladies were attracted to the store of Bort, Bailey & Co. today by the large display of cloaks for fall and winter wear.

KEEP WARM WHILE DRIVING

It's an easy matter if you have one of our heavy double plush robes. Prices from \$3 to \$10—always worth the money. All colors. New fall shipment just in.

CAPTURE A BRITISH CONVOY

Boers Make Raid on Cattle in Zululand.

SIX NATIVES ARE KILLED.

The War Office receives a dispatch from Lord Kitchener giving summaries of the battles since September 23—London Reports Not Confirmed.

London, Oct. 2.—A large British convoy which was leaving Melmoth Zululand, on September 29, was captured by the Boers. Six native police were killed.

A dispatch from Pretoria to the Times says that while Commander General Botha was attacking the Natal forts a party of about forty Boers invaded Zululand and raided cattle belonging to the natives.

The burghers then offered to return the cattle if the chief would undertake not to defend the border against the Boers. The chief replied that he would remain true to his king.

Botha's move on the border, says the correspondent, was clever, and enabled him to strike a point a long distance from any railway. Now, however, his only alternatives are the invasion of Zululand or a rapid retreat along its northeast frontier.

The war office has received the following dispatch from Lord Kitchener, dated Pretoria:

"Since September 23 twenty-seven Boers have been killed, twenty-four wounded, 274 prisoners have been taken, and forty-eight have surrendered. In addition to the above the prisoners taken in the attack on Fort Italia, Zululand, on September 26 state that they saw sixty Boers buried in the enemy's laager."

This apparently does not confirm the reports in some London papers in the morning that private advices from Ladysmith to the effect that 305 Boers were killed in the fight at Fort Italia.

BRITAIN WANTS MORE TROOPS.

Salisbury Cabinet May Stand or Fall with the Proposition.

London, Oct. 2.—England's need of more troops in South Africa has become so acute that the government is considering the advisability of asking its great self-governing colonies to send additional soldiers thither. The ministry recognizes that this matter is an extremely delicate one and is proceeding cautiously. If the colonial governments demur it is thought that Downing street will abandon the scheme. The imperial federation defense committee is co-operating with the government in the hope of evolving a plan of imperial defense satisfactory to Canada and Australia. However, leading men of the committee privately assert that the outlook is not bright. They fear that the colonies have done all they wish to do in helping the mother country out of the South African muddle. It is said that the demand for more soldiers is becoming so imperative that the Salisbury cabinet has determined to stand or fall with the proposition for some form of conscription.

Will Ask Queen to Aid Boers.

Brussels, Oct. 2.—The Brussels Petit Bleu says a committee of Dutch women is being formed for the purpose of presenting an address to Queen Alexandra, praying for the amelioration of the conditions in the concentration camps in South Africa.

TROUBLE IN FRENCH KONGO.

Colonies Bankrupt and Native Tribes Attacks Factories.

Antwerp, Oct. 2.—Disastrous conditions in the French Kongo are reported by a French officer who has just arrived from there, for the purpose of making an official statement to the French colonial government. He says that of twenty-eight commercial companies which were established in the colony only eight survive. The colonial government has been obliged to discharge all its troops save 500, who must now do what they can to protect the entire territory. Since this startling reduction of the colonial forces 18,000 Mahouins, a fierce native robber tribe, have attacked the factories of various commercial companies, where they have besieged fifty white officers, four of whom were slain. They now threaten to march on Libreville, the capital of the French Kongo, a town of about 3,000 inhabitants. The colonial functionaries have been informed by the government that it cannot pay them for their services, the colony being completely bankrupt.

Prince Held as an Anarchist.

Rome, Oct. 2.—The Tribunal has sentenced the Russian Prince, Victor Nakachidze, who was banished from Italy as a nihilist and a dangerous anarchist, and who was rearrested on his return a few days ago, to twenty days' imprisonment. The Prince claims to be a legitimate pretender to the Russian throne. He was expelled from France in 1886 for making bombs, and was condemned to death in Russia in 1887 for plotting to kill the Czar. It has been reported that the Prince is in the last stage of consumption and that when he was arrested he asked to be allowed to die in peace. The court imposed the sentence on the ground that he was a dangerous anarchist.

Secretary Root Is Improving.

New York, Oct. 2.—Secretary of War Elihu Root, who has been suffering from boils on his neck at his home here, is much improved. Last week it was believed that an operation would be necessary, but this will probably be avoided now.

In Memory of Isaac Parker.

The subject of this sketch died in Chicago, Sept. 13th, 1901, and was buried at Janesville, Wis., on Monday, Sept. 16th, 1901. Mr. Parker was married to Angeline Matts at Grand Rapids, Mich., in 1881. In 1882 he and his wife moved to Chicago where they resided until the time of his death.

Mr. Parker enlisted early in the war in Co. "M", 2nd Regt. Wisconsin Cav. Vols., and was mustered into the service November 28th, 1861, and was honorably discharged at Memphis, Tennessee, on February 28th, 1863, on surgeon's certificate of disability. For several years after he left the army he was in the employ of the Brunswick-Balke-Collender Co., a well known house of Chicago. Then for some seven years he was connected with the Chicago City Railway Co., and was with this company up to 1895, when bodily ailments compelled him to retire.

Mr. Parker contracted diseases while in the army which were for the most of the time latent, yet they from time to time were troublesome so that he was obliged to consult physicians and use remedies each year. About 1894 these diseases developed to such an extent as to frequently prostrate him, and in 1895 he became so enfeebled as to be unable to continue longer in active work.

In 1896 Mr. Parker became so reduced in health as to be compelled to "give up" and thereafter he was confined to his bed and room, constantly under the care of doctors.

In 1897 he became cognizant of the fact that he must die, but he was reconciled and suffered patiently, while the skill of physicians was directed at the attacks of death up to the last.

More credit must be awarded to the loyalty, patience, and untiring devotion of his brave and faithful wife, than to the skillful services of the physicians, in prolonging the life of Mr. Parker during those many months of suffering.

His noble wife clung tenderly to him with all the potency of that love which is exemplified and known only in worthy womanhood.

In his last year Mr. Parker embraced the truth of the Christian religion and died peacefully in those assurances promised unto those who accept Christ as their Saviour and cast their burdens upon him.

His funeral occurred on Sunday afternoon, September 15th, 1901, at his late residence, 7505 State street, Chicago. Many friends gathered about the casket and placed upon it floral tokens of sincerity, peace and hope. The Rev. M. Reuben Flemming, of Chicago, conducted the services.

For several years Mr. Parker lived in Janesville, Wisconsin, and many of the older citizens here may remember him. He was also well and favorably known in Watervale, also in Beloit and in other places in Southern Wisconsin.

His many friends in Chicago knew Mr. Parker as an exemplary husband and a good man. "Blessed are the dead who die in the Lord."

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by Peoples' Drug Co. and Smith's Pharmacy.

Burn to Death in a Barn.

Pipestone, Minn., Oct. 2.—Three men were burned to death in a fire which destroyed a barn near the village of Trasky, this county. The dead are: Claud Mann, Vinton, Iowa; Fred Houlette, Vinton, Iowa; Elbert Evans, of this county. The men were members of a thrashing crew of nine men who were asleep in the barn. Their six companions made their escape without serious injury. The origin of the fire is not known.

Danish Gunboat Founders.

Copenhagen, Oct. 2.—The Danish gunboat Moen while at practice with prismatic shells foundered to the eastward of the middle ground. Her mast-head can be seen a few yards above the water. The crew of the vessel was saved. The Moen was an iron gunboat of 355 tons displacement. She was 111 feet long, had 28 feet 10 inches beam and had 523 indicated horse power. She had a crew of thirty-five men.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system a constant drain upon the system.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S.S.S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. H. Taylor, Lock Box 218, Winona, Minn., says: Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S.S.S., and it cured me completely. I have been a perfectly well man ever since.

S.S.S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

From Infancy To Age

Laxakola for Babies.—It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it." BEST because its tonic properties are so good and so strengthening that it keeps the little ones in fine, hearty condition.

It is a dangerous thing to give little babies violent cathartics that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable.

Laxakola for Young Girls on the threshold of womanhood, has been found invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, and their systems generally run down, they need building up, and their blood needs cleansing. Give them Laxakola, its gentle bowel action to cleanse and its tonic properties to build up the system, will show immediate and most beneficial results.

Laxakola for Mothers.—It is particularly valuable and useful to women, especially mothers, as it is a gentle and safe remedy to use during all conditions of health whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, while to nursing mothers, worn out with the care of infants and whose systems therefore are particularly susceptible to disease Laxakola particularly appeals.

It clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotchy condition of the skin and cures sick headache to a certainty by removing the cause. To women suffering from chronic constipation, headaches, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief.

Laxakola for Old Folks.—In the Autumn and Winter of Life, when the various organs through long years of action have become more or less sluggish, it becomes necessary to stimulate them by some remedy best adapted to that purpose. That Laxakola is such, has been proved beyond all question. Its gentle warming, soothing action on the bowels, liver and kidneys, stimulates them to increased activity, cleanses the blood, quickens the circulation, and puts the whole system in a condition of health and enables it to ward off disease, while its tonic properties tone up the system and keep it healthy.

Laxakola Does It.

Laxakola is not only the most efficient of family remedies, but the most economical because it combines two medicines for one price, tonic and laxative. No other medicine for the bowels. All drug stores and grocers, or free sample of THE LAXAKOLA CO., 135 Nassau St., N. Y., or 316 Dearborn St., Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

Edwin F. Carpenter, Attorney.

STATE OF WISCONSIN—in County Court for

Rock County—in the matter of the estate of

Charles H. Belding, deceased.—In Probate.

On reading and filing the petition of O. F.

Nowlan, administrator of the estate of

Charles H. Belding, deceased, representing, among other things, that said deceased

died seized of certain real estate therein described, and that it is necessary to sell or

incumber the same to pay the debts of said deceased and praying for license to

sell the whole of the same, and it appearing to the court that the personal estate in the

hands of said administrator, is sufficient to pay the debts of the said deceased, and expenses of

administration, and that it is necessary to sell or incumber the whole of said real estate for that purpose:

It is ordered that said petition be heard at a

regular term of said County Court to be held in and for said county at the court house in the

city of Janesville, on the first Tuesday being the 5th day of November, A. D. 1901, at 9 o'clock

a. m. If further ordered that this order be published at least three successive weeks before said day fixed for the hearing of said petition.

In the Janesville Gazette, a Daily Newspaper published at the city of Janesville, in said county, and that a copy thereof be served personally on Margaret Belding and John Cunningham, guardian and item of minors interested, and on all persons interested in said estate and residing in this county at least twenty days before said day.

Dated Oct. 1, 1901. By the Court.

J. W. SALLIE, County Judge.

Edwin F. Carpenter, Attorney for petitioner.

Nothing misty about them. The origin of our styles all have the stamp of up-to-date American Shoe-making; fragrant and fresh from the factories. See us this fall. Every idea cared for in our big selections.

SPENCER.

LIPTON CALMLY CONFIDENT

Showing of His Boat Fills Him with Hope.

MAY CHANGE THE PROGRAM.

Both Boats Were Sailed with Great Skill Over Part of the Triangular Course Off the Lightship—Betting Was Not Heavy.

New York, Oct. 2.—"I really don't see that anything occurred today," said Sir Thomas after the yacht race, "to come to any further decision regarding the merits of the two boats. There was too much flaking in the wind for that. Although we were leading by about ten minutes when the race was called off, there was nothing for us to brag about."

"The Shamrock did wonderfully well, however," remarked Captain Wringe at this juncture. "There was no fluke about her crawling up on the Columbia on that starboard tack."

Thanks Betting Should Be Even. The cup-hunter's owner was asked what his opinion was of the betting situation now that the Columbia had won one race and each boat had led in an unfinished race. "I am not a betting man," he replied, "but if I was I would bet on Shamrock at even money. It is a disadvantage having one notch against us, but there is no doubt about that, but would the notch have been there had the wind not gone down, leaving us struggling in a dying wind? You know Shamrock today had the biggest lead at the wind up of any of the three races."

Favors Racing Every Day.

Sir Thomas said he was in favor of racing every day now. "I shall speak to Captain Seymour about it," he said, "and see what he thinks. I don't think he will be adverse. These delays affect us and the public. I know the New York Yacht Club will do what they think is right regarding this point. What is your opinion, Captain Wringe?"

"I should make a proposition to sail every day," responded Wringe.

"I would make the proposition that in case of an accident to either boat they rest a day," Sir Thomas resumed. "I want to say a word about the course. The way it was kept clear by Captain Walker could not have been improved upon. It was the finest in the world."

Spectators Race Homeward.

There were plenty of races on the way home between the members of the excursion fleet, and good ones, too. One of the best was between the press boat, Walter A. Luckenbach and the committee boat Navigator. From the lightship almost to the Narrows the two ran side by side, so close that both boats made but one wash. Then a steam yacht forced the Luckenbach to dodge and that lost so much distance that the tug was unable to make it up.

Betting Comparatively Light.

McIntyre and Marshall of the New York Stock Exchange said that they had bet \$10,000 to \$4,000 that Columbia would win the international yacht races, and that they had more money to place the same way. There was the only yacht bet of any size reported to have been made in the financial district today. A number of small bets at odds of 2 to 1 on Columbia were arranged. Some brokers also made bets during the morning when the news came of the light wind that there would be no race. One bet of \$125 to \$100 was made on the exchange that Columbia would win the day's race. Offers of \$1,000 to \$500 and of \$10,000 to \$7,000 were made that Columbia would win the series.

Time of Unfinished Race.

Start. Mark. Time.
Yacht— H. M. S. H. M. S. H. M. S.
Shamrock . 11:00:22 2:41:36 3:41:14
Columbia . 11:00:10 2:44:44 3:44:34
Shamrock gained on the first leg three minutes and twenty seconds. Next race on Thursday.

Both Lead at Intervals.

New York, Oct. 2.—The Shamrock and Columbia both showed the same good speed qualities while the race lasted, but at no time was there sufficient breeze to insure a contest. The following official bulletins tell the story of the second "no contest" trial.

Bulletins of the Race.

10:05 a. m.—The wind is now eleven miles from the northeast at Sandy Hook.

10:08 (wireless)—The wind has dropped apparently to seven knots.

10:20—The wind is dying out.

10:30—The Columbia's staysail is let go; she casts off.

10:31—The course is signaled. The first leg is east; the second south-southwest, one-half west; the third north-northwest, one-half west.

10:40—The wind has fallen so low as to send the yachts along with scarcely any heel.

10:42—Columbia and Shamrock ease off sheets and stand in shore. Columbia is slightly in the lead.

10:45—Preparatory gun is fired.

10:55—Warning gun is fired.

10:55 (wireless to Gallie)—Boats close together and maneuvering for the start.

11:04—Columbia crossed at 11:00:10; Shamrock, 11:00:22.

11:12—The wind is blowing not over seven knots an hour from the east.

11:15—Shamrock goes about on the port tack and stands off in a southeasterly direction.

11:16—The Columbia followed suit.

11:20—When they fled away on port tack the Columbia was about lengths in the lead.

11:22—Both yachts are making progress, with Columbia substantial ahead.

11:30 (wireless to Gallie)—Columbia is still leading. Both boats now on starboard tack.

11:34 (wireless to Gallie)—Columbia fully half a mile ahead to windward.

11:36 (wireless to Gallie)—Both boats on starboard tack. Wind seems decreasing.

11:41 (wireless)—Shamrock on port tack astern. Wind puff, about 20 knots.

11:42 (wireless to Gallie)—Columbia on port tack.

11:43 (wireless)—Shamrock is gradually crawling up on Columbia.

11:50—Wind still very light and Columbia still ahead.

12:11 p. m.—Both boats are still in port, almost becalmed, and Columbia still ahead.

12:30 p. m.—The yachts are almost becalmed and about three and one-half miles of the course has been covered.

12:45—Both boats went on the starboard tack at 12:40 p. m., and the wind seems to be slightly increasing.

1:20—Both boats seem to have caught a nice breeze from the south-east, the Shamrock catching it first and apparently getting some advantage from it, but the Columbia was still in the lead.

1:27—The Shamrock is now ahead.

1:37—Shamrock appears to be slowly pulling away from Columbia, having more wind.

1:47—The first mark is now two miles away, the boats being nearly on even terms.

1:52—Shamrock four lengths ahead and to windward.

2:40—Columbia falls to the rear.

2:42—Shamrock rounds first turn.

2:45—Only twelve miles from start. Cannot finish in time limit. Both boats nearly evenly matched.

2:47—Declared no contest.

J. M. Seymour for Governor.

Trenton, N. J., Oct. 2.—Mayor James M. Seymour of Newark was nominated on the second ballot as the Democratic candidate for governor of New Jersey in a convention that was at times turbulent in the extreme. The nomination is a defeat for former United States Senator Smith and his forces and a victory for E. F. C. Young and Robert Davis of Hudson county and Colonel E. L. Price of Essex county.

Steamer Ashore in a Fog.

London, Oct. 2.—Early fogs are hindering navigation on the coast. There has been the usual crop of minor casualties. The steamer Fonella, from the Isle of Man to Glasgow, with 200 passengers on board, went ashore on the Mull of Galloway. There was great excitement among the people on board, but there was no danger or loss of life.

ABOUT THAT

STOVE

Thirty NEW heating stoves just received. They include the following makes:

Jewel, Joy & Tropic

Prices range from

\$8.50 to \$40

The manufacturers don't spend a fortune in advertising these stoves—they put the cost in the stoves, thus giving the purchaser the benefit. We warrant all these makes.

New Cook Stoves and Cast and Ranges

You make a big mistake if you don't get my prices before purchasing. A full line of Second Hand Stoves—Prices range from \$2.50 to \$20.00. See this this line.

NEWLY UPHOLSTERED

Chairs, Divans

AND

Parlor . Sets!

First class upholstered furniture at half the regular prices. Large stock. We make a Specialty of fine upholstering and keep expert workmen for this purpose.

**Two-Thirds Of Your Life Is Spent In Your Shoes**

Why not get the best and most comfortable? This store has always handled the best quality shoes sold in Janesville and this season we have excelled all former seasons. Our famous STACY ADAMS & CO. makers of high grade shoes, all styles, but special attention is called to our new heavy soled box calf and enamel. Blucher cut, this is the only style carried in city and in makes a very swell shoe.

For the Ladies

we have a
